julie@gmail.com

I'm Julie Duval ,currently in the third year of software engineering and information systems, my academic journey has been marked by a deep exploration of various facets of the field. Throughout my coursework, I have gained a solid theoretical understanding and practical exposure to diverse programming languages, software development methodologies, and system architectures. As I advance in my studies, I am not only focused on academic excellence but also on applying my knowledge in real-world scenarios. This drive has led me to actively seek an internship (PFE) opportunity.

education

Bachelor's Degree in Software Engineering and Information Systems,

High School Diploma in Applied Mathematics,

experience

Final Year Project Internship at CodeCrafters Tech,
